

Host an Acts of Kindness fundraiser to promote a positive student environment and community spirit. FundGive's platform makes it easy to manage donations and tracking so you can focus on encouraging kindness and empowering students.

Sellers don't get paid for being kind—they're motivated to spread kindness and keep the momentum going. Once registered, sellers can custom enter an Act of Kindness, select from a list of 100 Acts of Kindness, and track and share their Acts of Kindness throughout the fundraiser.
